program to memorize the Quran

You can find out when the registration for the program is open by following one of the program's social media accounts.

In the name of Allah, The Most Gracious, The Most Merciful

All praises are due to Allah Lord of the worlds and we send our blessings and salutations to the most noble of prophets and messengers.

Welcome O memorizer of the Quran in this program of Tikraar for memorizing the Quran and perfecting it in the city of the Prophet peace be upon him. We ask Allah to assist you in memorizing and perfecting the Quran.

Before we show you the steps of memorizing the Quran and perfecting it, we would like to mention and warn about a few points that are preconditions of memorizing:

1) By Allah sincerity for Allah the Most High. so have sincerity to Allah with all your actions especially with his book.

And know that the Quran will either be an evidence for you or against you and it will either raise you or degrade you so these are the two choices either you will be raised in the ranks of Jenna or you'll be from the first to enter into hell fire. So be warned about making the Quran as a business or using the Quran for worldly benefits.

2) Holding vast on the rope of Allah and not relying on anyone other than him including those around you or your capabilities so be warned about having sole reliance on your capabilities or how good the program is and it is upon you to make lots of Duaa and remember Allah much so this is the greatest way to strengthen your soul and give you that motivation.

3) It is upon you to have patience and leave off hastiness for indeed success comes with patience, and what is it except for days and weeks until you reach this great goal with the permission of Allah.

4) Leaving off sins for indeed no one is granted goodness by doing evilness so increase in your good deeds.

5) Full devotion to the book of Allah so do not put any other knowledge in front of the Quran whatever it may be. The Quran is the best of sciences and the most blessed one.

From the greatness of the Quran is that a person won't memorize it successfully except that he dedicates himself for it. Allah says (And indeed, it is a mighty Book).

6) A lot of revision of the Quran in Salah and its recitation, for that is of the best ways to strengthen your memorization.

7) It is preferred to have companions that will assist you in memorization, for "the wolf eats from the stray sheep", but beware:

- From comparing your abilities to theirs.

- or it will go from friendship that encourages memorization to an obstructive friendship that will mainly be gatherings of useless talk.

8) Seriousness and diligence for mastering the Quran isn't achieved except by the serious and the diligent. Whenever you are easy with yourself, you will spoil your program for that day and then it will continue until you become careless and destroy what you built up of your memorization.

9) After you complete the memorization of the whole Quran, you must complete the revision of the whole Quran every 6 days for 6 months.

10) You must have a firm shaykh that follows up with you before and after memorization, and this of the main focuses of this program.

11) That you have a special mus-haf for memorization, so you don't lose the place you stop and start and the beginning of the lines when you change the mus-haf; also so that you can mark the repeated mistakes, similar ayat (mutashabihat), etc.

12) Memorization should be done every day of the week without stopping. In case of any emergency only the new memorization should stop while continuing the connection and revision (these two are never left off).

13) During revision, the mus-haf should be far from your hands so you don't get used to going back to it for every doubt. No matter how many times you repeat your memorization, **you won't be a strong Hafidh except if you get yourself used to not looking at the mus-haf whenever you're in doubt.**

14) You should complete your daily portion from the adhan of Fajr to the adhan of Fajr of the next day.

15) The repetition and connection cannot be done in the car, on the road, etc. It requires you to completely clear your mind. As for revision its allowed.

16) You shouldn't read a page in less than a minute, and not more than a minute and a half with Al Hadr (not fast nor slow) recitation.

17) You shouldn't memorize or perfect more than your daily portion that was given to you, except after coordinating with your shaykh.

18) Precision, truthfulness and honesty while completing the program.

19) Every part of this program must be completed, and one must follow it without adding or subtracting anything.

20) If you don't follow the program as it is, you won't achieve the result that you want (which is perfecting the memorization of the Quran).

### The Definitions of the Terminologies in the Timetable:

Repetition of Yesterday	Repeating what was memorized yesterday from memory (5 times).
Listening	Listen to the page that is to be memorized three times by a Reciter (who has mastered tajweed) while following along in the mus-haf, in order to safeguard the memorization from errors and mistakes.
Tafseer	Read the tafsir (interpretation) of the page to be memorized during the day to enhance awareness of the meanings of the particular verses covered. This program recommends; "Al Mukhtasar fi Attafseer (English translation)" and Tafsir Al Muyassar (Arabic). (To download the tafseer: click on the tafseer that you want).
Recording	After the student is sure he has memorized the page, using a voice recorder he should then proceed to record himself reciting the memorized page three times from memory without looking at the mus-haf. After completion he should then listen to the recording while looking at the mus-haf to ensure proper memorization and to ensure there are no errors. If any mistakes are found (even one), this phase is to be repeated. Using the voice recorder, he is to then recite three times again.
Connection	This is reciting all mastered (perfected) pages over the previous 30 days from memory; one time, without looking the mus-haf.
Revision	This is reciting the old memorization from memory without looking at the mus-haf. It is upon the student to complete the old memorization every six days. We intend by old memorization: the portion of memorization that has exited the "connection" phase.
Circuit	Every completion of your old memorization is considered a circuit. The more the memorizer progresses, the more pages will be added to the new circuit.
